

hogan certification workshop

(foundational workshop)

workshop overview:

The 2-day foundational workshop teaches participants to administer and interpret Hogan's three core personality assessments. You will learn about personality, leadership, Hogan's theoretical background and the role the assessments play in predicting workplace performance. You will also learn more about your personality by receiving a complimentary set of Leadership Forecast Series reports alongside a 1:1 feedback session with one of our consultants.

Format:

2-day workshop (Classroom) or 4 half-days (Virtual)

Delivery:

Virtual or Classroom based

Target Audience:

talent management and organisational development specialists, HR generalists, HR consultants, HR directors, coaches and business psychologists.

Assessment covered:

Hogan Personality Inventory (HPI), Hogan Development Survey (HDS), and Motives, Values and Preferences Inventory (MVPI)

2.500 euro per participant + vat

fee includes:

- Access to the online pre-workshop learning module
- 1:1 Hogan feedback on your assessment results
- A set of Leadership Forecast Series reports for you and a volunteer of your choice, to practice feedback skills
- 2-day workshop
- 1:1 training to provide support for the first feedback session

hogan workshops

hogan and the international coaching federation (icf)

Hogan Assessment has partnered with the International Coaching Federation (ICF) to combine the market-leading strengths of each organisation and place Hogan in front of 24,000-plus ICF members in more than 130 countries while providing ICF with the predictive power of Hogan's assessment suite developed over 30 years of experience with data from millions of global leaders.

Hogan Assessments, as an international leader in personality assessment and leadership development, has been identified as the tool of choice to help coaches advance their coaching practice. In view of this strategic partnership, ICF members can now benefit from a 15% discount on any workshop.
